3.6 Rationale for, and the benefit to, the Group for transacting with Mandated Related Parties

The Company and its subsidiaries relationship with the Mandated Related Parties

The Company and its subsidiaries have a long-standing business relationship of more than 5 years with the Mandated Related Parties. The Mandated Related Parties are both good customers of the Company and its subsidiaries as well as reliable suppliers of raw materials and goods and services required by the Company and its subsidiaries. The raw materials and goods provided by the Mandated Related Parties are priced competitively and all transactions between the Company and its subsidiaries and the Mandated Related Parties are carried out on an arm's-length basis and on terms not more favourable to the related parties than those generally available to the public. The raw materials and goods can also be obtained from the Mandated Related Parties even when short notice is given to them, in order to meet the tight deadlines of the Company's business and of its subsidiaries. Although the Company also sources similar raw materials and goods from third parties, the Company would like to seek approval for the Proposed Mandate as the close co-operation between the Company and the Mandated Related Parties has reaped mutual benefits

and has been and is expected to continue to be of benefit to the business of the Company and its subsidiaries. Further, the Company and its subsidiaries can enjoy the lowest cost through bulk purchase arrangement.

The benefit of the Proposed Mandate

The obtaining of the Proposed Mandate and the renewal of the Proposed Mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek Shareholders' approval as and when the potential Recurrent Related Party Transactions with a Mandated Related Party arise, thereby reducing substantially administrative time and expenses in convening such meetings, without compromising the corporate objectives and/or adversely affecting the business opportunities available to the Company and its subsidiaries.

The Proposed Mandate is intended to facilitate transactions in the normal course of business of the Company and its subsidiaries which are transacted from time to time with the Mandated Related Parties, provided that they are carried out at arm's length and on the Company and its subsidiaries' normal commercial terms and are not prejudicial to Shareholders and on terms not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders.

Disclosure will be made in the annual report of the Company including a breakdown of the aggregate value of Recurrent Related Party Transactions conducted pursuant to the Proposed Mandate during the current financial year, and in the annual reports of the subsequent financial years during which a shareholders' mandate is in force. The annual report will contain the following types of information:

- (a) the type of the Recurrent Related Party Transactions conducted; and
- (b) the names of the related parties involved in each type of the Recurrent Related Party Transactions conducted and their relationship with the listed issuer.

Shareholders are advised to refer to the disclosed aggregate value of the Recurrent Related Party Transactions in the Annual Report for the financial year ended 31 December 2004.

3.7 Review Methods or Procedures for Recurrent Related Party Transactions

There are procedures established by the Company and its subsidiaries to ensure that Recurrent Related Party Transactions are undertaken on an arm's length basis and on the Company's and its subsidiaries normal commercial terms and on terms not more favourable to the related parties than those generally available to the public, consistent with the Company's and its subsidiaries usual business practices and policies, which are generally no more favourable to the Mandated Related Parties than those extended to unrelated third parties and are not to the detriment of the minority shareholders.

The Company will implement the following procedures to supplement existing internal procedures for general transactions to ensure that the Recurrent Related Party Transactions are undertaken on an arm's length basis and on normal commercial terms and on terms not more favourable to the related parties than those generally available to the public.

- (i) A list of Mandated Related Parties will be circulated to the Company's subsidiaries to notify them that all Recurrent Related Party Transactions are required to be undertaken on an arm's length basis and on normal commercial terms and on terms not more favourable to the related parties than those generally available to the public;
- (ii) All Recurrent Related Party Transactions will be reviewed by a management committee comprising at least one (1) executive director and one (1) senior management staff;
- (iii) The annual internal audit plan shall incorporate a review of all Recurrent Related Party Transactions entered into pursuant to the Proposed Mandate to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to;

- (iv) The Board and the Audit Committee have reviewed the procedures and shall continue to review the procedures as and when required, with the authority to sub delegate to individuals or committees within the Company as they deem appropriate.
- (v) Quotations will be taken to gather information to compare the price quote by third parties and related parties for the purpose of determining the competitive market price of materials and goods. It is our policy to purchase material or goods from related parties when the prices are competitive with prices obtained from third parties. Other factors such as reliability of supply, delivery, services and quality of materials or goods will also be taken into consideration for evaluation purposes.

3.8 Audit Committee's Statements

The Audit Committee will review the relevant Recurrent Related Party Transactions and also review the established guidelines and procedures to ascertain that they have been complied with. Further, if during these periodic reviews by the Audit Committee, the Audit Committee is of the view that the guidelines and procedures as stated above are not sufficient to ensure that the Recurrent Related Party Transactions will be done on the Company's and its subsidiaries normal commercial terms and on terms not more favourable to the related parties than those generally available to the public and will be prejudicial to the Shareholders, the Company will revert to the Shareholders for a fresh mandate based on new guidelines and procedures immediately, and in any case before the next transaction is entered into.

The Audit Committee has reviewed the terms of the Proposed Mandate, and is satisfied that the review procedures for Recurrent Related Party Transactions, as well as the periodic reviews to be made by the Audit Committee in relation thereto, are sufficient to ensure that the Recurrent Related Party Transactions will be made with the relevant classes of Related Party in accordance with the Company's and its subsidiaries normal commercial terms and on terms not more favourable to the related parties than those generally available to the public, and hence, not prejudicial to the Shareholders, nor disadvantageous to the Company and its subsidiaries and are not to the detriment of the minority shareholders.
